2020 Sep.

Portfolio v1 ↗ cosmincp.github.io

My personal portfolio, version 1

- Made a portfolio to show my work and my design style;
- Used mostly vanilla JavaScript (localStorage, Intersection Observer), Slick slider library and modern CSS specs (custom properties, flexbox, grid, transforms, transitions, keyframes);
- ▶ Technology: **HTML, CSS/Sass, JavaScript, jQuery, Slick slider, Bootstrap 4**

2020 Aug.

XPRIMM Moldova ↗ xprimm.md

News website about the insurance market in Moldova.

- Made the front-end of the website, using Bootstrap 4 grid and CSS flexbox module;
- Added a few interactive elements, including an events calendar (vanilla JS from scratch) and a dynamic donut chart with market statistics (using Chart.js library);
- ▶ Technology: **HTML, CSS/Sass, JavaScript, Chart.js, REST API, Bootstrap 4**

2020 Apr.

XPRIMM Database ↗ [demo: xprimm.com/demo/home.php](https://demo.xprimm.com/demo/home.php)

Statistical database containing downloadable content and interactive maps and charts

- Made a new UI for an old Open Cart project, giving it a fresh look while solving UX problems;
- Used Bootstrap 4 grid for layout and JS libraries for charts (Chart.js) and maps (Leaflet);
- ▶ Technology: **HTML, CSS/Sass, JavaScript, Chart.js, Leaflet, Bootstrap 4**

2020 Mar.
